Professional Summary

A highly motivated front-end software engineer with 1 year of experience in building responsive and user-friendly web applications. Proficient in modern front-end technologies like HTML, CSS, JavaScript, and frameworks such as React. Passionate about creating intuitive and dynamic user interfaces, with a solid understanding of accessibility and performance optimization. Seeking to leverage my skills in a challenging and growth-oriented role.

Technical Skills

- **Front-End Languages:** HTML5, CSS3, JavaScript, TypeScript
 - **Frameworks/Libraries:** React
 - **Styling:** CSS3, Flexbox
 - **Deployment:** Vercel
 - **Development:** VScode
-

Projects

Projects

Portfolio Website – *Link to Project*

- Designed and developed a personal portfolio using HTML, CSS, and JavaScript to showcase my front-end development and 3D modeling projects.
- Implemented responsive design using CSS Flexbox and Grid to ensure a seamless experience across devices.

Task Manager App – *Link to Project*

- Created a task management app with React, allowing users to add, edit, and delete tasks in real-time.

- Used localStorage to persist user data and maintain state across sessions.
- Integrated a CSS framework (Tailwind CSS) to style the application and improve overall UI/UX.

Weather App – *Link to Project*

- Built a weather application using HTML, CSS, and JavaScript, fetching data from the OpenWeatherMap API.
 - Displayed weather information dynamically based on the user's location or search query.
 - Employed responsive design principles to ensure mobile-friendly interfaces.
-

Education

Self-Taught Skills:

Programming languages: HTML, CSS, JavaScript, TypeScript, Python(for Blender)

Development frameworks: React

Tools: Git, Visual Studio Code, Blender, Vercel

Certifications

- [Certification Name] – *Issuing Organization – Date*
 - [Certification Name] – *Issuing Organization – Date*
-

Additional Experience

- **Freelance Web Development:** Completed small-scale projects for clients, building responsive websites and ensuring optimal user experience.
-

Additional Information

- **Continued Learning:** Continuously expanding knowledge through online courses, tutorials, and documentation to stay current with industry trends.
